Stainless steel

External Dimensions

- H 1860 mm
- W 595 mm
- D 600 mm

LCD DISPLAY: THE INFORMATION AT YOUR FINGERTIPS

Teka's refrigerators incorporate a sophisticated electronic control system that allows our customer to be constantly aware about the temperature of each compartment. Besides, they have Self-test System sensors, and if the door is not closed correctly an acoustic alarm will be activated; the Memory Function restores the previous temperature in case of a power failure, the Fast Freeze and Quick Function gives you the convenience of cooling very fast, while temperatures are controlled with the touch of a button.
